

Realmadrid

Fans + Respect = Live Football

The best formula for football without violence.

YES to football.
NO to violence.

Real Madrid C.F. condemns any act of violence, racism, xenophobia and intolerance that occurs in the sporting environment.

We are a sincere and honest rival in the field of play, which acts in good faith and respects all the teams with which it competes and their respective supporters.

And off the pitch, we wish to maintain fraternal and supportive relations with all other clubs, offering them and the national and international sporting authorities our continued cooperation.

We are working together with the Law Enforcement Agencies to put an end to any kind of violence in sport.

Our Values, The Best Team .

At Real Madrid we are aware of the high social impact of our activities.

For this reason, we dedicate the maximum resources to comply with the highest standards of good corporate governance and to the promotion of the best sporting values.

A commitment we have with all sportspeople and referees, whose ultimate aim is to embrace the sporting values of fair play, respect and competitiveness.

This commitment is even closer, with the sports administrations, with which we collaborate institutionally, respecting authority and participating in all instances of the organisation of Sport.

Maximum Respect with total Security .

Our Club collaborates closely with the authorities on community projects and especially in the order and security of the sporting events it organizes. And, of course, with utmost respect for all the teams with which we compete as well as their respective fans.

We practice

Fair Play.

Real Madrid offers all sports fans its adherence to the principles of competition based on fair play, always doing its best to promote sporting values, transparency of information, respect and the greatest safety in the events we organize.

In addition, we devote a high and permanent effort to the discovery and education of new sporting values, dedicating the necessary attention and resources to the youth academy and taking care not only of the sporting education of young people, but also of their social, ethical and civic education.
